

People Who Help Us: History Knowledge Organiser

Who help us?

People work in the local community help others everyday.

Doctors and Nurses

Police Officers

Firefighters

Lollipop man/lady

Florence Nightingale
Florence was a nurse. She used to take care of people who were ill.

She was born over 200 years ago in Florence, Italy.

She looked after soldiers who were injured in the war.

Hospital Changes

Florence Nightingale changed the way sick people were looked after.

200 years ago, there was no **medicine** to stop illness. People in hospital did not wash their hands and hospitals were dirty.

Then

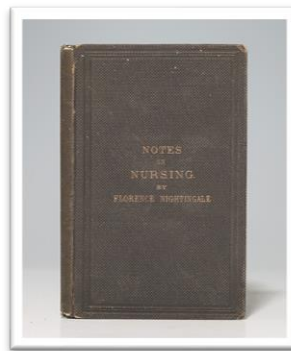

Now

Teaching Others

She wrote many books and taught many nurses how to make hospitals better.

Legacy

Nurses today remember the work of Florence Nightingale.

Glossary

Nurse

Somebody who takes care of people who are sick or injured.

War

When countries fight each other.

Hospital

A place where doctors and nurses help people to get better.

Medicine

Given by doctors or nurse to make people feel better when they are ill.
